NO MARKED CHANGE IN FEVER SITUATION

Federal Officials Highly Praise New Orleans Citizens

CRISIS NOW BELIEVED PASSED

The Federal Authorities Are Elated Over Their Work—One Death at Pensacola—Will Arrest Parties Who Circulated False Report.

New Orleans, Sept. 2.—Up to noon today there were ten new cases of yellow fever and one death.

New Orleans, Sept. 2.—Though showers were predicted, the day was clear and warm with no marked change in the yellow fever situation, there being a normal of new cases and deaths. One of the objects which the new health association will push here will be the establishment and equipment of a permanent isolation hospital, where fever cases will be taken as they are at Havana immediately when they enter this port.

So strong is the sentiment in favor of the early completion of the water, sewerage and drainage work, which is now in full swing, that plans are now being mapped out for an appeal to the legislature in behalf of legislation that will provide the money necessary for additional speed in construction.

Science is Triumphant.

Signed statements of all the leaders in the fever fight, Surgeon White, Presidents Kohnke and Souchon, of the boards of health, Dr. Beverly Warner, Dr. Metz, of Tulane university, and Chairman Janvier, of the Citizens' committee, indicating that the crisis has passed; that the campaign of science is meeting with unbounded success, and that the fever will be here practically gotten under control before frost, is printed here today. Dr. White says:

"While the fever started this year abreast of the epidemic of 1878, and pursued exactly parallel lines, holding its own long enough to convince any sane man of what would and could have been the result had not the proper steps been taken, it is fair to say that the work begun by the city board of health and continued by the marine hospital service, undoubtedly been effective in holding the infection in check. We may say without undue self-gratulation that the disease is being gradually worked out.

It must be apparent, for the lists of cases and deaths, taken on the average, week by week, are growing steadily less.

"Along with this I want to call attention to the fact that persons are coming in from the country who afterward fall ill from previous infection. This is a handicap, however, which we are willing and able to bear rather than interfere with the relations with the outside communities by imposing a drastic quarantine."

Great Patriotism Displayed.

Dr. White says he has never seen in any country the equal of the example of patriotism and broad-mindedness set here and never expects to see the superior of it. He adds:

"All these things formed conditions which make for success. Give, in addition, a fair opportunity at all cases as they occur, and there can be no possibility of failure to eliminate the fever before frost. The last proposition is the crux of the situation.

Professor Ewing, of the Louisiana association, issued an address to the papers of the state inviting and strongly advocating it himself to make impossible in the future such conflicts as have occurred in the south this year.

Vicksburg and Natchez, which formerly placed most stringent restrictions against infected points, have appealed to the marine hospital service for a fumigation system similar to that in force here in order to enable them to move goods. Secretary Hunter of the Mississippi board, has managed to secure a modification of the regulations at Harriston, Miss., an important junction point, on the Mississippi Valley road, where trains were not permitted to stop. Tallulah, La., which has stamped out her fever, has quarantined all infected points in Louisiana, Mississippi and Tennessee.

Port Gibson, blocked by fever on both sides, has changed her rules and decided to admit, with the exception of fruits, vegetables and clothing, all freight certificated by the marine hospital service. Two cases of yellow fever have been reported at Pearlington, Miss., an important lumber point at the mouth of the Pearl river.

Reports from Pointe Celeste, in Plaquemines parish, show that the authorities there are meeting great difficulties there through the efforts of the Italians to hide their sick. In one house, hid under a bed and well wraped in blankets, was found a boy of 12 suffering with a severe case of yellow fever.

Form Health Association.

Leading citizens have met here and have formed the New Orleans Health association, a permanent organization, with Charles Janvies as president. It is expected to exert a powerful influence on the future of New Orleans in its relation to quarantine, sanitation and the evolution of proper laws for the guidance and control of citizens of infected or contagion of any and all descriptions.

Arrest Parties Circulating Report.

Jackson, Miss., Sept. 2.—Secretary Hunter, of the board of health, has telegraphed to Dr. Aikman, state health officer at Natchez, to have the parties in that city arrested who circulated the report that yellow fever existed in Jackson. A publication of this rumor was made in the Natchez Bulletin yesterday and the editors vouched for its accuracy. The prosecution will be made under the laws of 1898, which provides a penalty for circulations of rumors about yellow fever.

One Death at Pensacola.

Pensacola, Fla., Sept. 2.—The first death from yellow fever occurred this morning at 4 o'clock, when William J. Abell, a tailor, expired. He was stricken Sunday. Abell occupied quarters adjoining those of a Greek, who was one of the first to take the fever, and who is now convalescing. No other new cases were reported this morning.

Sheet Metal Workers Strike.

New York, Sept. 2.—A strike of sheet metal workers in this district was called last night by the Amalgamated Sheet Metal Workers' union. About 2,300 members attended the meeting and the call for the strike was almost unanimous. The strike will affect about 200 buildings, which are in course of construction, and about 300 shops in which the metal sheet workers are employed. The men demand an advance of 50 cents a day. Their wages now are $4 a day. They claim that about a year ago they entered into an agreement whereby they were to receive the raise last January. The men did not get the promised increase, however, and several months ago they notified the employers if the advance was not forthcoming there would be a strike.

New President for Ecuador.

Guayaquil, Ecuador, Thursday, Aug. 31.—Senor Lizardo Garcia, who was elected president of Ecuador, Jan. 11, assumed the presidency today. Senor Garcia was liberal candidate for the presidency of Ecuador. He had the support of the government and defeated the radical nominee, General Manuel Antonio Franco after an election marked by riotous proceedings. The new president formerly held the portfolios of public works and finance. He visited the United States in 1903.

Will Attend New York Conference.

Honolulu, August 24, via Victoria, B. C., Sept. 1.—Acting Governor Atkinson has accepted an invitation from the National Civic Federation for ten citizens of Hawaii to attend a national conference to be held in New York next December. The acting governor says that Hawaii is especially interested in the subject, being anxious to settle her lands with a citizen population.

AN ARMISTICE HAS BEEN AGREED UPON

Will Take Effect When Envoys Sign the Treaty.

TREATY IS NOT YET COMPLETE

The Declaring of an Armistice Will Mark the Conclusion of the Great Russian-Japanese War, Which Has Been Going On For 18 Months.

Portsmouth, N. H., Sept. 2.—An armistice has been signed to take effect after signature to the treaty.

It is now expected that the text of the treaty will be completed by tomorrow night or Sunday. Full summaries, if not the actual text, will then be cabled to Tokio and St. Petersburg for the approval of the respective governments and by Tuesday or Wednesday at the latest, M. Witte and Baron Komura expect to receive final authority to affix their signatures.

The subsequent exchange of ratifications by the two governments will be simply a formality. Mr. Dennison an Mr. DeMaartens will meet again this afternoon. The conditions of the armistice or rather complet suspension of hostilities marking the conclusion of the war, will be arranged except for minor details by the plenipotentiaries here. Technically, the formal cessation of hostilities to be arranged today will be an armistice inasmuch as it is temporary, pending the final exchange of ratifications. It will not provide for the ultimate release of the Russian and Japanese prisoners of war.

An article covering the latter subject wil be included in the treaty. The ceremony of signing the "treaty of Portsmouth" will be as quiet and unostentatious as possible. Both sides desire to avoid any spectacular scenes. Both realize that for different reasons the treaty will not be popular in their respective countries. In Japan especially there is expected to be a great popular outcry.

"We know," said a member of the Japanese mission today, "that we are going home to stones and perhaps to dynamite."

No arrangements looking to a joint farewell visit to President Roosevelt have been made or even suggested.

Baron Komura and M. Witte will go separately to Oyster Bay to express thanks on behalf of their respective countries and say "Goodby." M. Witte expects to sail Sept. 12, on the Kaiser Wilhelm II. He has already provisionally engaged a suite of rooms on that steamer. Baron Komura has provisionally engaged a suite of rooms on a steamer sailing from the Pacific coast Sept. 20. He and his suite expect to leave New York Sept. 12.

The projected trips of the missions to the White mountains have practically been abandoned because of lack of time. The treaty of Portsmouth is to be given to the world. There is to be no saecret about it, neither governmen having any reason to withhold it.

It provisions are therefore to be published broadcast textually, but not immediately.

Mr. Sato said to the Associated Press today that it would not be given out until the final ratifications had been exchanged by the sovereigns of the two countries.

The treaty will be engrossed on the treaty paper on the American state department, a peculiarly fine quality of linen parchment paper. Two of the caligraphers of the state department have been sent for to come here and do the engrossing. It is officially stated that President Roosevelt will not come to Portsmouth to be present a the signing of the treaty.

Invite President to Banquet.

Oyster Bay, Sept. 2.—President Roosevelt received today an invitation on the part of the state of New Hampshire, to attend a banquet to be tendered by that state to the peace envoys of Russia and Japan. The banquet probably will be held at the Mountains at some time in the near future yet to be determined definitely. Senator Burnham who extended the invitation already had been informed by the president that he would be unable to go to New Hampshire this month but it was decided to make to him this personal appeal to change his mind.

SEQUEL TO KIDNAPING CASE.

Mother of Little Girl Who Was Stolen Gets Information.

New York, Sept. 2.—There has been a strange sequel to the mysterious kidnaping, nine years ago, of pretty Rosie Cohen, an East Side girl.

The girl's mother lives in Orchard street and was surprised yesterday by a visit by an unknown man, who called the mother to the door and after telling her he knew the present whereabouts of the daughter, thrust a recent photograph of the girl into her hands and with the remarks, "She's changed her name; it's no use for you to try to find her," disappeared.

In the winter of 1896 the girl, nearly 5 years old, was playing in the street in front of her home when a man was seen to creep up, place his hand over the child's mouth, caught her up in his arms and fled. The police worked on the case a long time without success. The parents were heart-broken and gave up hope of ever knowing her whereabouts.

When the man visited Mrs. Cohen yesterday, she pleaded with him for knowledge of the girl's where abouts, but he refused to tell her.

"She would not be happy here," he said, "she's doing all right and has forgotten you. She changed her name. Now just forget her and don't try to find her. It won't do you any good."

The police were at once notified and are inclined to believe the man having found the mother, intends demanding a ransom.

Charged with Double Crime.

Seattle, Wash., Sept. 2—Charged with the murder of Philip Ross and his wife, and the burning of their saloon at Kerryston to conceal their crime, William Moore, a negro, and John Dallas, who came from Louisiana in the same gang to work in the Kerrystone mills, several months ago, have been arrested by officers of the city and county. More was caught at Cleelum, in Kittatas county. After the man was taken into custody, Starwich, the deputy sheriff, succeeded in eliciting from him a virtual confession of the crime committeed last Sunday. A letter which has been received by the murdered man was found on the prisoner's person. Dallas was arrested in Seattle. He denied that he ever had been in Kerryston.

View Sun's Eclipse as Planned.

London, Sept. 2.—Professor William Joseph Hussey, of the Lick observatory expedition, cables to the Associated Press from Assouan, Egypt, that the expedition executed its eclipse program as planned. The elongates were in the form of streamers of fish tail type, with rays from the sun spot zone, especially from the southeast limb. North polar streamers distinctly recurred. Prominences were pronounced especially those near the north. The motion of the shadow bands was determined.

Extra Force at Mint Discharged.

San Francisco, Sept. 2.—The extra force employed in the San Francisco mint for the past two years has been dismissed for lack of work. The extra force consisted of sixty men and thirty women, who were engaged in assisting in the coinage of Filipino silver which increased the work of the mint during the past two years, while the ordinary coinage was also far in excess of the regular amount. The total coinage of the mint for August was $3,038,000, and in addition 492,000 Filipino pesos were coined.

Injunction Against Miners.

Chattanooga, Tenn., Sept. 2.—United States Judge C. D. Clark this morning issued a restraining order against the striking miners at Tracy City. It was granted upon the petition of the Tennessee Mining company, and forbids the miners in any way interfering with the operations of the company's mines. The application for an injunction will be heard Sept. 7.

TEN PEOPLE KILLED IN RAILWAY WREC

Express Train on English Railroad Jumps the Track.

FLAMES CONSUME THE WREC

Cars Left the Track at a Station and Completely Demolished the Building—The Rear Cars Only Jumped the Track.

Witham, England, Sept. 2.—An express from London to the Great Eastern railway [illegible] tering Witham station [illegible] several passenger cars [illegible] and crashed into the station building causing the death of ten persons, of whom were women, and seriously injuring 20 people.

Among those killed was the portof the station, who was standing in room on the platform.

Two ticket sellers were also [illegible] in the wreckage, but escaped serious injury.

The gaseometers [illegible] caught fire and consumed the [illegible] age.

Fortunately, however, all the [illegible] were removed before the flames gained much headway.

It was the rear cars that left the track, the engine and [illegible] ed the platform of the station demolished the buildings, and [illegible] over on their sides.

The train was running [illegible] Witham not being a stopping place for the express train.

FORM STRIKE BREAKERS UNI

In View of Any Trouble with Printers Now Out in Chicago.

Chicago, Sept. 2.—[illegible] their services will soon be in demand again owing to the printers' strike special deputy sheriffs and police held an extra meeting yesterday and organized a strike breaking union, scale of wages of not less than $5 day and $6 if it can be secured, to be fixed.

Charles E. Turk, a [illegible] man was elected president.

Each of the 110 charter members paid 25 cents for expenses.

President Turk praised the and said that every one present should sign it, the idea being that the man that signed was to get the position. A large number fell over each other in their haste to sign the book.

Georgian Alive and Well.

Rome, Ga., Sept. 2.—The dispatch from New Orleans last night stating that George Clement, of Rome, United States vice consul at Ponce, Porto Rico, died there a few days ago of yellow fever. Consul Clement is not dead but is here in Rome visiting his parents, and is well and hearty. He was seen by the Associated Press correspondent today. Mr. Clement said the story must have grown out of the fact that his brother, Clifton Clement, died there in May last. Mr. Clement has a leave of absence until fall when he will return to his post in South America.

Golden Cross Erects Building.

Knoxville, Sept. 2.—The [illegible] comandery of the United Order of Golden Cross will erect a $50,000 structure here for national headquarters. The lot for the building has been purchased. The grand secretary of records has permanent headquarters here. The order was founded in Knoxville, in 1870. The [illegible] fund shows a cash surplus of $

Morocco's Sultan Yields.

Paris, Sept. 2.—The press dispatches at Fez, Morocco, say that the sultan had released the American citizen, Bouzain, for whom he demanded his release on condition of giving satisfaction for the sultan's demands. The sultan is determined to prove that he and his people are fully satisfied.

FERTILIZER PLANT HAS CHANGED HANDS

Virginia-Carolina Fertilizer Company's New Possession.

FLORIDA FERTILIZER COMPANY

Has Sold It's Fine Plant to Largest and Most Extensive Fertilizer Manufacturing Company in the South—E. E. Cannon Will Continue Manager.

One of the largest and most important deals ever made in this section was consummated Thursday, when A. S. Wooley and George W. Emery of Seaford, Del., owners of the Florida Fertilizer Manufacturing Company, disposed of their interests to the Virginia-Carolina Chemical Company of Richmond, Va.

Messrs. Wooley and Emery will retire from the fertilizer business in Florida. E. E Cannon, who has been connected with the company in the capacity of manager, will be retained in that position. Mr. Cannon is regarded as one of the most competent fertilizer men in the State.

The plant of the Florida Fertilizer Manufacturing Company is one of the largest and best equipped in Florida, having a capacity of one hundred tons per day. The venture has always been a paying one, and the products of this factory have a reputation from one end of the State to the other.

This immense deal was consummated through F. M. Whittle, Jr., division manager of the Savannah sales department, R. F. Sams, division manager of the Georgia manufacturing department, and Hy Crutcher of Jacksonville, special agent of the Virginia-Carolina Company, who have been in the city working upon the same for several days.

The deal means a great thing for Gainesville, as it has been intimated that the plant would be considerably enlarged and equipped with new and modern machinery and appliances.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

A Correction.

The reporter erred in stating, in the mention of the transfer of the Florida Fertilizer Manufacturing Company's interests to the Virginia-Carolina Chemical Company, that A. S. Wooley and Geo. W. Emery of Seaford, Del., were the owners of the business. While the statement was correct as far as it went, the report should have included E. E. Cannon, as Mr. Cannon owned an equal interest with Messrs. Wooley and Emory, and he will be retained as manager of the business, a position which he has filled so efficiently in the past.

The company will continue the manufacture of the same brands which have won for them such an enviable reputation throughout the State.

The same office force will also be retained.

Chamberlain's Cough Remedy Aids Nature.

Medicines that aid nature are always most effectual. Chamberlain's Cough Remedy acts on this plan. It allays the cough, relieves the lungs, aids expectoration, opens the secretions, and aids nature in restoring the system to a healthy condition. Sold by all druggists.

Local Weather Report.

The Sun is indebted to Hovey Bell, assistant postmaster, for the following observations made in this city for the month ending August 31, 1905, at 7 a. m.:

Maximum temperature August 7, 94 degrees.

Minimum temperature August 28, 68 degrees.

Total rainfall, 14 90 inches.

Greatest in 24 hours, August 5, 3 05 inches.

Sprains.

S. A. Read, Cisco, Tex., writes, March 11, 1901: "My wrist was sprained so badly by a fall that it was useless; and after using several remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it to anyone suffering from

BAD BLOOD

INVITES DISEASE

The blood supplies nourishment and strength to every part of the body when it is rich, pure and healthy. When from any cause it becomes diseased or weak it cannot supply the nutriment the system needs, and the body is unable to resist the diseases and troubles that are constantly assailing it to break down the health.

I have used S. S. S. and found it to be an excellent blood purifier and tonic. My blood was weak and impure, and as a result my system became very much run down and debilitated. I lost twenty or more pounds in weight, had no appetite and was in bad shape. Seeing S. S. S. advertised I began its use, and am well pleased with the results after using it for some little while. My system and general health have been wonderfully built up, and I no not hesitate to give S. S. S. the credit for it. H. MARTIN. Warren, O., 60 Second St.

Rheumatism, Skin Diseases, Scrofula, Catarrh, Old Sores, Malaria, Contagious Blood Poison, etc., are the results of bad or diseased blood, and until this vital fluid is cleansed and made pure, strong and healthy, these diseases will continue. The greatest of all blood purifiers and tonics is S. S. S. It has been curing all diseases of the blood for more than forty years by going down to the very root of the trouble, forcing out all poisons and impurities and building up every part of the system by its fine tonic effect. S. S. S. cures Rheumatism, Skin Diseases, Scrofula, Catarrh, Old Sores, Malaria, Contagious Blood Poison and all other blood troubles, and cures them permanently. S. S. S. is the acknowledged king of blood purifiers and the greatest of all tonics. Books on the different diseases, and any medical advice you may wish will be given without charge.

SSS

PURELY VEGETABLE.

THE SWIFT SPECIFIC CO., Atlanta, Ga.

PROF. BUCHOLTZ HOME.

Principal of University Normal Left for Tampa Friday.

Prof. L. W Bucholtz, principal of the University Normal, left Friday for his home in Tampa, where he will spend a well-earned vacation.

Prof. Bucholtz was well pleased with the result attained by the University Normal. "I have been engaged in the profession of teaching for the past nineteen years," he remarked, "and can say freely that this normal has been the most successful I have ever seen. It demonstrates another fact in my mind, and that is that one large school established in a good location, where teachers and students may secure board and other accommodations, is better than several smaller schools located at various places, in many instances in towns and localities where many inconveniences must be endured."

Prof. Bucholtz took occasion to pay the faculty of the Normal a fine compliment on their efficiency in the various departments.

THREE JURORS CURED

Of Cholera Morbus With One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Clebourne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one small bottle cured the three of us." For sale by all druggists.

Thursday's Fire.

An alarm of fire was turned in from Box 28, corner N. Pleasant and W. Court streets, Thursday shortly after noon, which summoned the department with usual promptness.

The kitchen of the residence occupied by A. W. Taylor and family, 304 W. Court street, was on fire, the origin being from a defective flue, but the flames were soon extinguished, with little damage.

Beautiful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all woman beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. Mrs. Wm. M. Stroud, Midlothian, Tex., writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." Sold by W. M. Johnson.

GAINESVILLE MERCHANTS IN LEAD

Merchant & Co. Wednesday Consigned Goods to Old Mexico.

FEATHER IN MERCHANT'S CAP

It Means That Gainesville Cannot Only Furnish Prices, but Merchant is Close on Margins and as a Result Reaps the Distinction.

Who would believe that Gainesville would ever take an order for shipment to Mexico?

This may seem strange, but "truth is stranger than fiction," and this is the truth. To Geo. S. Merchant & Co. belongs the credit of shipping the first order from Gainesville to Mexico ever recorded and probably the first shipment of the kind in the history of the mercantile trade of the State.

A few days ago Mr. Merchant, manager of the firm, quoted various articles, through an agent, to Graves & Graves, Frontera, Mexico. "While I appreciated and reverenced the confidence of my friend, the agent," remarked Mr. Merchant, "I am frank to say that I had little confidence in securing the order, for the fact that there were so many points nearer. In compliance with the request, however, I submitted prices, and to my surprise the order came and it has been filled at the prices quoted."

The order comprised seed stuff and was made up of one bushel of velvet beans, five bushels of cowpeas and one bushel of peanuts, all Florida grown.

It was through the desire of the firm to secure the best possible for planting that the order was sent to Mr. Merchant through the agent, and it goes without saying that everything will turn out "to the good."

The shipment was made via the Seaboard Air Line yesterday. A rate to Frontera is such an unusual thing that it at first dumfounded the genial agent, but it did not require long after he recovered to determine the same, a bill of lading was made out, and the goods sent on to their destination.

Abscess.

Abscesses, with few exceptions, are indicative of constipation or debility. W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world." Sold by W. M. Johnson.

Products For the Fair.

Already products are being collected for the Alachua county exhibit at the State Fair, which will be held in Tampa from November 15 to 30.

There are on exhibition in the window of the S. J. Thomas Company several jars of preserves and pickles, sent to John W. Tench, collector of exhibits. These productions are from various sections of the county, and show a remarkable firmness, being very smooth and handsome.

The people throughout the county are manifesting more interest in the approaching exhibit every day, and when the time comes to take the products to Tampa, indications are that there will be a large and varied collection.

Persons desiring information may address Major Tench of the County Fair Association, or Jesse E. Burtz of the State Fair Association, Gainesville.

Got Off Cheap.

He may well think he has got off cheap who, after having contracted constipation or indigestion, is still able to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills. A quick, pleasant and certain cure for headache, constipation, etc. 25c at all drug stores; guaranteed.

Ferry's Seeds

are known by what they have grown. For half a century they have been the standard—haven't failed once to produce bigger, better crops than any others. Sold by all dealers. 1905 Seed Annual free to all applicants.

A BIG TIME IN ELKDOM

Gainesville Lodge No. 990 Duly Installed Wednesday Night.

MANY ELKS WERE IN THE CITY

Ocala and Jacksonville Had the Honor and Performed the Work Well—Festivities Ended With Fine Banquet and Good Speeches.

Gainesville Lodge No. 990, Brotherhood Protective Order of Elks, has been instituted, and it is a very healthy baby, since all members of this new lodge are gentlemen of integrity and refinement, being among the leading professional and business men of the community.

The charter list shows eighty names, but only forty-seven received the antlers Wednesday afternoon and night, and it was well onto daylight Thursday morning before the gavel sounded that adjourned the lodge.

For several months the Gainesville people have been endeavoring to organize a lodge of Elks, but for various reasons complications have occurred. But these people were persistent, with the result that the lodge has now been instituted and everybody is happy except the fellow who had his name on the list and has not trampled the sands of the desert and secured the "horns."

Gainesville Lodge No. 990 was instituted by Ocala Lodge of Elks, under direction of District Deputy J. D. Burbridge and a half-dozen visiting Elks from Jacksonville. It was a hot proposition throughout, but those who received the work are perfectly contented over the result, and are glad that they may be classed among the "roamers of the fields."

The Jacksonville boys arrived on the 12:40 train over the Seaboard, and, realizing that there was a great deal of work to be done, began business at 3 o'clock. The members of the Ocala lodge came in on the Atlantic Coast Line at 3:10, and immediately proceeded to the lodge room. The rush for an "early chance" was great, and it required an attendant with a big club to keep the aspirants clear of the outer door, but the work was conferred rapidly, and from the time of calling the lodge together until the time of adjournment all applicants on hand were made Elks.

While there are many amusing features of this order, it is founded upon the same principles as other secret orders, the Bible and Bible history being the basis. Secret order men noticed the resemblance, and at the conclusion appreciated the situation and thought better of themselves as being Elks.

Among the Elks who visited Gainesville for the installation of this lodge were District Deputy Exalted Ruler J. D. Burbridge, G. D. Ackerly, J. W. Ingram, A. C. Hamrick, Jas. A. Walsh, W. B. Collette, M. E. Robinson, A. B. Kibler, F. S. Osteen, S. H. Brown, E. [illegible] Pittman, Maurice Strauss, Geo. C. [illegible] from Geo. K. Robinson, E. W. Davis, [illegible] E. Long, John H. Taylor, A. J. McAuliffe, D. Cravener, F. A. Guild, [illegible] Krauss, J. G. Alvarez, T. B. [illegible]ingfellow, Sam T. Dell, R. H. [illegible]kleford and John Seville. Of this number six came from Jacksonville, one from Lake City, and the remainder from the Ocala lodge, with two or three scattering. Mr. Guild being from Atlanta.

At the conclusion of work in the lodge room the visiting Elks and their newly-made brothers repaired to the [illegible] house, where a sumptuous [illegible] awaited them. Manager Joe. [illegible] set about seventy-five plates, and the menu comprised many of the good things of this world, temptingly [illegible]. Mr. Ettel deserves a great deal of credit for his work, which was [illegible] a success in every way. The [illegible] were as fine and varied [illegible] secured, the service was [illegible] and altogether it was one of [illegible] systematically arranged affairs [illegible] ever given in the city.

[illegible] S. Chubb—a new-born [illegible] as toastmaster upon this [illegible] notwithstanding the fact [illegible]ared he was "taken by surprise," manner in which he handled [illegible] tempts his friends to believe [illegible] had been favored with a [illegible] In his usual eloquent [illegible] Chubb presided and with [illegible]tion of each speaker he [illegible] equal to the occasion.

[illegible] first made a few remarks [illegible] and called upon Marcus [illegible] what he wanted to [illegible] happy strain which has made him famous among secret society men. Mr. Endel spoke for ten minutes and at the conclusion every visitor was sure he was welcome, whether he had heretofore felt that way or not.

Jas. D. Burbridge of Jacksonville was called upon and made a fine address on Elkdom. Mr. Burbridge is a very forceful speaker and his hearers were sorry when he concluded.

Attorney E. W. Davis of Ocala made a very eloquent response to the toast, "Florida Elks," which was followed by A. C. Hamrick, who talked on Jacksonville Elks.

"The Hot Sands on the Elk Range" was discussed for a few moments in a humorous but interesting manner by J. W. Ingram of Jacksonville, who is one of the "warmest propositions" of the order. Mr. Ingram was an important factor in the work of installation and all the "boys" remembered him.

Col. Chubb next called upon R. H. Shackleford of Lake City lodge, whom he claimed, in a good-natured way, had "strayed from his flock." Col. Chubb stated that himself and the brother Elks appreciated the interest and goodfellowship he had manifested in coming to this installation, and it was regretted that other members of the fraternity from Lake City were not present, as Gainesville had anticipated very pleasantly the visit of a delegation from Lake City lodge. The members of this lodge had sent the committee with carriages to two trains to meet the Lake City boys, whom they expected, and were disappointed at the fact that they did not come. Mr. Shackleford responded to the toastmaster on the subject, "Lake City Elks," and in a manly and eloquent manner made apologies for the absence of his brothers from that lodge.

Col. Chubb said that no occasion would be complete without the presence of a representative of the press, and he took pleasure in calling upon Brother H. H. McCreary, Alachua county's able editor and senator, who was known from one end of the State to the other as one of the ablest editors and representatives of the people in Florida, that Gainesville and Alachua county was proud of him, and he knew those present would like to hear from him, (mind you, Colonel Chubb said all this, and more too), especially as all desired to know what kind of a write-up would appear in The Sun.

Senator McCreary replied in a clever manner by saying that he had "opened his mouth" once too often tonight, and had made up his mind to keep it closed, but could not refrain from responding to the appreciated call. He had desired to become an Elk ever since he went to Kansas City in 1893 as a delegate to the National Democratic Convention and partook of the hospitalities of the Elks of that city; his wish had at last been gratified, he had learned the lesson, received all that was due him, and, like his friend Marcus Endel, there was no change coming to him. He assured his brother Elks that the night's festivities would be properly written up, and that the public would be informed of the fact that the greatest "liar" (when it comes to flattery) in Florida presided as toastmaster at the first Elk's banquet of Gainesville Lodge No. 990.

In a few most complimentary remarks Col. Chubb called upon Grand Secretary Ackerly, who responded by saying that he was surprised at Senator McCreary's closing reference to the toastmaster, but since the reference to himself he was persuaded to believe that he was about right. Mr. Ackerly then impressed upon the newly-made Elks the importance of the work before them and predicted that the "baby lodge" would soon be one of the most important in the jurisdiction, and closed with a reference to Gainesville which brought forth great hand-clapping. He lived in Gainesville during the eighties and upon this, his first visit since he removed from here, he was naturally anxious to see what changes had taken place. He was agreeably surprised at the great improvements on all sides, predicted a great future for the city, and upon his return to Jacksonville the first thing he would do would be to write his wife, who was absent in the North, of his visit to their first place of residence in Florida.

In his usual eloquent and impressive manner, Attorney Robt. E. Davis responded to the toast, "The Baby Lodge," referring to Gainesville No. 990. Mr. Davis is known throughout the State as a speaker of ability, and notwithstanding that he was "green" in this work, he delivered an address which was really the address of the evening, and at the conclusion he was the recipient of hearty applause and many compliments.

At the close of Attorney Davis' talk the toastmaster declared the meeting adjourned, but it will be a night long remembered in Gainesville.

Officers of 990.

Before the adjournment of the lodge the following officers were elected for the ensuing term:

L. C. Lynch, exalted ruler; Joseph Manasse, esteemed leading knight; J. G. Torrey, esteemed loyal knight; Robt. E. Davis, esteemed lecturing knight; A. M. Cushman, secretary; Lee Graham, treasurer; L. J. Burkhim, tyler; Henry S. Chubb, trustee.

The meeting night of the lodge has not yet been fixed, but the lodge will be called together at an early day, when these matters will be attended to. It is probable that meetings will be held in Masonic Hall until a suitable building can be secured.

Ayer's

You know the medicine that makes pure, rich blood—Ayer's Sarsaparilla. Your mother, grandmother, all your folks, used it. They trusted

Sarsaparilla

it. Their doctors trusted it. Your doctor trusts it. Then trust it yourself. There is health and strength in it.

"I suffered terribly from indigestion and thin blood. I found no relief until I took Ayer's Sarsaparilla. Four bottles permanently cured me."
MRS. F. R. HART, Mt. Kisco, N. Y.

$1.00 a bottle. All druggists. J. C. AYER CO., Lowell, Mass.

for

Rich Blood

Ayer's Pills are gently laxative. They greatly aid the Sarsaparilla.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostrate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostrate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. W. McCollum & Co.

P. O. S. Of A. BANQUET.

Many Were Present to Enjoy Festivities of That Famous Order.

One of the largest social entertainments given in Gainesville for some time past was that of the Patriotic Order Sons of America, which occurred in their camp Wednesday evening.

It having been decided by the members to devote every fifth Wednesday evening which might happen in the month to an entertainment for not only the camp but their families as well, this, the first occasion, was certainly a success in every respect.

By 8 o'clock at least eighty were present, of which one-third were ladies.

The camp first opened with prayer by the chaplain, followed by a few remarks addressed mainly to the ladies present, after which all were invited to gather around a long table occupying the entire length of the hall, and partake of a most generous supply of cakes, ice cream and cold drinks. The feast over and the floor cleared, dancing was indulged in until about the hour of midnight to the music of an excellent string band, and all departed declaring a social under the auspices of the Patriotic Order Sons of America to be a grand success.

A Clear Complexion and Bright Eyes.

In most cases a sallow, blotched complexion and dull heavy eyes are due to poor digestion and an inactive liver. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels and makes the complexion smooth and clear. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

NOTICE.

Notice is hereby given that after this notice has been published for four weeks, I shall apply to Hon. J. T. Wills, Judge of the Circuit Court Eighth Judicial Circuit of Florida, in and for Alachua county, Florida, for an order authorizing me to adopt Eva Ward, a minor. W. E. HEATON.
August 23rd, 1905.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhœa and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS
Bears the Signature of
Chas. H. Fletcher.

The Kind You Have Always Bought

In Use For Over 30 Years.

G. & G. SURVEY TO BEGIN MONDAY

Chief Patton and His Corps Ready to Establish the Lines.

IT WILL TAKE TWENTY DAYS

First Vice-President Stuckey Declares Work Will Begin on Right-of-Way Within Thirty Days, and Road Will be Pushed Rapidly.

The surveying corps, under Chief Surveyor J. W. Patton, has made all arrangements for their departure tomorrow morning for Fairfield, from which point they will begin surveying a preliminary line for the construction of the Gainesville and Gulf railroad to Tampa.

This looks like business. As First Vice-President Stuckey remarked a few days ago, the new company means business, and proposes to extend the road as quickly as possible to Tampa, the southern terminus, which will afford an outlet to Gulf points.

Surveyor Patton returned Saturday from Jacksonville, where he went to secure drawing paper and additional instruments, tents, and a full camp equippage for the corps.

Several lines will be run, and work will begin upon the line selected within thirty days. There are twelve members of the party, and Chief Patton believes the corps can finish its work in twenty days.

SOME SHORT STATE STORIES.

The Jacksonville Pure Food and Industrial Exposition promises to be a big thing, but the people are clamoring for a carnival.

John Segni was drowned in Hogan's Creek at Jacksonville, Thursday, and Henry Dyal, a colored man who tried to save him, had a close call.

Isaiah Cooper, the negro who was sentenced to be hung at Arcadia, has been granted a respite until further notice. Cooper killed Marshal Bowman of Punta Gorda. It is not known on what grounds the death warrant was recalled by the Board of Pardons.

The people of Live Oak are getting tired of having the railroad companies use the best streets for yard purposes, and will make a vigorous kick.

Some of the retail dealers of the city of Tampa have formed a Credit Man's Association. Abe Maas is the president, and J. L. Hollingworth is secretary.

There are seven in the detention camp at Jacksonville for yellow fever suspects. The euphonious cognomen of the camp is Durrance—durance vile, it is supposed.

Recently a wildcat broke into the fowl house of J. B. Moody near Charlotte Harbor and killed forty-seven of his chickens. He lays the blame for this on Bruce Knight, whom he charges with having run out all the good dogs by introducing pointers and setters, and it was the want of good dogs that enabled the wildcat to commit the slaughter.—Punta Gorda Herald.

ALACHUA SCHOOLS BEING SUPPLIED

List of Teachers Who Have Received Appointments so Far.

APPOINTMENTS GOOD ONES

Superintendent Kelley and the School Board Exercised Great Care in the Employment and Assignment, With Justice to All.

The following teachers are under contract to teach the schools as named below. Others will be supplied later:

Arredondo—Marie Richardson.

Rochelle—J. H. Owens, Mary Berkstresser.

Fairbanks—Elizabeth Harrison.

Franklin—Annie Fildes.

LaCrosse—W. H. Main.

Archer—J. L. Dickson, E. Vera Anderson.

Jennings Lake—Mary Dudley, Linnie Kellum.

Micanopy—Clyde Melton, Clara H. Smith, Sophia Merry.

Trenton—Josephine McComb.

Cool Spring—May Kennedy.

Island Grove—J. C. Adkins, Fannie Mizelle.

Suwannee—Ethel Watkins.

Godwin—Ida Wiggins, Willie McIntosh.

Hawthorn—W. E. Bell, Luella Bell.

Antioch—Josie Carleton.

Alachua—W. H. Cassels, Sara Boston, M. D. Woolf.

Waldo—J. H. Coffee, Edith Baird, Elsie V. Smith, Claudia Ambrose, Nora K. Knoblock.

Santa Fe—J. R. Durrance, Georgia Martin.

Gainesville—W. N. Sheats, T. F. McBeath, Mrs. C. C. Powell, Mrs. W. P. Coffey, Serena Shannon, Florence Balis, Annie DaCosta, Mrs. Sallie Zetrouer, Mabel Sanchez, Nannie McIntosh.

Pine Cottage—Julia McCredie.

Lochloosa—May Froscher, Winona Godwin.

Strobie—M. H. DeLand, Rosa May.

Bloomsdale—Queen Johnson.

Cannon—R. L. Walker.

Orange Heights—Annie Collins.

Spring Hill—Hugh E. Williams.

Cherry Sink—Beecher Rutledge.

Louise—Annie Martin.

Perseverance—Florence Moody.

Windsor—Mary Bailey.

High Springs—E. T. Allen, Mamie F. Barrs.

Campville—J. F. Swindal.

Roadfield—T. J. Lindsay.

Jaxville—Lois Mikell.

Half Moon—Donia Ford.

Grover—Annie Guyn.

Hickory Hill—Leonora Fildes.

Townsend—Maud Creekmore.

Evinston—Vallie Grace.

Bartram—Agnes Zetrouer.

Stokes—R. H. Montgomery.

Center—Eliza Tillman.

Tacoma—Ruby Hawkins.

Union Grove—Mamie C. Robinson.

Waccahoota—Mattie Heath.

Newberry—William T. Whitney, Cylla Kennedy.

Rocky Point—Flora Farnesworth.

Hatchet Creek—Clara Thomas.

Cooter Pond—G. W. Patterson.

Rolling Bluff—A. J. Johnson.

Bell—Belle Lindsay.

Rocky Hill—Delia Jolly.

Wilsford—Mary Hagan.

Dutton—Jessie Barrs.

Orange Lane—Janie Bailey.

Thomas—Annie Turner.

Some of the schools will open September 4th and 11th, and the majority on October 2nd. The Superintendent will be pleased to hear from supervisors and trustees as to time preferred for opening of schools.

Lottiesville Notes.

Lottiesville, August 31.—As I never see anything said about our new town, I thought I would write, hoping it will not find its way to the waste basket.

The farmers are trying to pick out their cotton. It rains enough to keep them out half their time. Cotton crops are damaged.

Professor L. W. Denham closed his school at Union Grove Friday. We were sorry to see him leave. He is the best teacher we have ever had in the West End and we hope the board can secure his services for the winter term of our school.

W. J. Lock of Otter Springs was here on business Saturday.

O. G. Barker, our genial postmaster and merchant, is doing a fine business.

T. J. Everett of LaFayette county was here on business Saturday.

CHINA'S BOYCOTT.

Intelligence is furnished that the Chinese boycott on American goods is about to be lifted. The merchants of China have discovered the fact that they are about to lose money by its operation, and in consequence are turning their faces against it.

Several stories have been put afloat as to why the Chinese started the boycott, the principle one being that it would bring about a modification of the Chinese exclusion act. While the main cause of this trouble is charged up to Ex-Secretary of State Foster, it is not supposed by the majority that he is entirely to blame for the move, says The Savannah News.

Of course the Chinese have a grievance against this country, and a very great one, but they haven't adopted the right way to have it removed. It is not improbable that they are beginning to find that out, and hence, are calling a halt on the boycott. Probably they expected that as soon as the boycott was instituted the objectionable regulations which govern the admission of Chinese into this country would be abolished. Finding that they haven't been abolished, and that there is no promise that they will be, they are abandoning the boycott because it is doing them a great deal of harm. But the abandoning of the boycott ought not to interfere with the correction of our regulations which are applicable to Chinese immigrants.

China is very naturally and properly indignant at the treatment her travelers and students meet with at our ports. If they were the scum of the earth they couldn't be treated so as to humiliate them more. The regulations themselves are harsh, but if they were wisely and kindly administered it is probable that we wouldn't have heard of a boycott. We seem to be afflicted with officials at some of our ports that delight in showing their authority. They want to appear to be bigger men than they really are. They are the cause of the trouble. They have assumed that every high class Chinaman is a coolie and treated him as such until he proved to the contrary. When we treat the Chinese decently they will treat us properly.

GOVERNMENT AT FAULT.

In the discussion of the local option question there are many points that are overlooked and which interfere with its enforcement. In counties where it is a violation of the law to engage in the sale of liquor, there are men who have paid the United States internal revenue officer the sum of $25 for a license to sell liquor, and the government will not allow an officer access to the records, so as to enable him to learn the names of the parties, nor does the government require the owner of the license to have it displayed in any public place where it can be seen.

The sheriff or his deputies are obliged to sneak around and catch the "blind tiger" dispenser in the act of selling before he can prosecute him in order to have positive evidence to convict him of a violation of the law, while a murderer is sent up on circumstantial evidence.

Until the government of the United States withdraws from aiding and abetting the violation of the law by these fellows whom it now protects the majority of the counties where liquor selling is prohibited by law will be infested with the blind tiger dealers, who carry a license in their pocket that shields them from all harm from the quarter they most fear.

An appeal to Congress to not permit such licenses to be issued in counties where they have local prohibition should be made, if those counties wish to be freed from these fellows who violate the laws of the State and county, under protection of the United States government.

M Witte will notify the Czar that he made the cleverest diplomatic play on record in the settlement with Japan, and then await results to see whether it will be safe for him to return to Russia. If the Czar should not take kindly to the big statesman's story, he may pass him up—to Siberia.

The Japs have peace at home, while the Russians may have a hard struggle with the revolutionists.

FLORIDA CANNED FRUIT.

The assertion that Florida peaches and tomatoes do not keep as well as Northern grown fruit, and are deficient in flavor, is without foundation of truth. The writer has sampled both and speaks from experience. The Florida peach industry is yet young, and it will be several years before the orchards of the State will be at their best, but from samples of fruit we have seen, it is a sure thing the fine flavor is there. To be sure there are some varieties grown here that are inferior, but they will soon be culled out when the owner gets posted on the fruit most suited to this climate and soil.

The tomatoes grown and ripened in Florida are also equal to those grown in the North, and excel them in flavor, not being so tart. These tomatoes can be worked up so as not to lose even a green or ripe one, and will be, when someone realizes the fact that chili sauce, chow chow and ketchup can be put up here as cheaply as in any State in the country, for the plants can be made to bear to their fullest extent, as they are not in danger of being nipped by an early frost.

The great trouble has been that a large number of our truck growers have manifested a desire to be "shippers to the Northern markets," and have fired them first at random to any market, when if they had a home market and could save the expense of packing and the chances in shipping, they would make more clean money in the end. This can be done by the establishment of factories, and it will not be long when this will come about.

THE RESULTS.

Many papers are summing up the losses and gains during the war in the Far East, and the following results will be of interest:

What Russia has lost by the war:

Millions in warships.

Immense quantities of war material.

Millions in Dalny and Port Arthur.

Millions in Manchurian railway adventure.

Part of Sakhalin.

Asiatic commercial prestige.

Asiatic political prestige.

What Japan has gained:

A great increase in her navy.

Much war plunder.

Part of Sakhalin.

Asiatic commercial prestige.

Asiatic political prestige.

The admiration of the world.

The fear of patronizing and insolent powers.

Great honor for her broad-minded deference to the world-wide judgment that peace was in order.

SAVANNAH.

The Savannah Morning News of Friday, September 1st, gives very many interesting figures regarding the commerce of that city for the year ending August 31st. The increase in a business way is most flattering, and there is a gain in every branch of industry that is indeed a surprise to all. The importations are in excess of what might have been expected and the outlook for the city is beyond the anticipations of the most enthusiastic citizen.

Savannah will continue to hold her position as the leading seaport city of Georgia, and more pains are taken to maintain its beauty and health as a residence city. All in all, Savannah will stand well at the front for stability with any of the cities along the Atlantic seaboard.

In spite of the standing jokes about the weather bureau it is probable that for every dollar spent on the weather bureau $10 are saved. At the time of the Mississippi flood of 1897, $15,000,000 worth of live stock and other property were saved as a result of warnings issued a week ahead. Signals displayed for a single hurricane have detained in port vessels valued, with their cargoes at $20,000,000. The West Indian stations, established in 1898, inform us of hurricanes as soon as they begin. The course of the hurricane that caused the Galveston flood was charted for a week before it struck our shores—for hurricanes move slowly. Eighty-five per cent of the forecasts now come true, and by the aid of rural free delivery 20,000,000 forecast cards were distributed last year to farmers, many of whom could not have had them five years ago.

NOTICE FOR PUBLICATION.

Land Office at Gainesville, Fla., August 1, 1905.

Notice is hereby given that in compliance with the provisions of the Act of Congress of June 3, 1878, entitled "An Act for the sale of timber lands in the States of California, Oregon, Nevada, and Washington Territory," as extended to all the public land States by Act of August 4, 1892, Edward F. Fisher of Old Town, county of Lafayette, State of Florida, has this day filed in this office his sworn statement No. 191, for the purchase of the W½ of Ne¼ of Section No. 35 in Township No. 10 S., Range No. 12 E., and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before Clerk Circuit Court at Mayo, Florida, on Monday, the 16th day of October, 1905.

He names as witnesses: Nathaniel Dees, W. J. Allen, Isham Copeland, O. M. Pitner, all of Old Town, Fla.

Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 16th day of October, 1905.

TEACHERS MADE A FINE AVERAGE

Not One of the Number for Primary Work Failed to Pass.

GENERAL AVERAGE WAS HIGH

Misses LaFontisee and Sanchez Demonstrated Their Abillty by Making 99 and 97, Respectively—First Grade Applicants Still Working.

From Saturday's Daily Sun.

The applicants for certificates for primary work, who have just completed their labors in the State teachers' examination under direction of State Superintendent Holloway, are to be congratulated upon the excellent averages made by each, with a general average of a fraction over 91 per cent. There were nine applicants, all of whom exceeded by several points the minimum of 80 required to pass.

The applicants were as follows: Misses Florence Balis, Marguerite W. Cotton, Jessie Cail, Emma McCollough, Stella Mims, Louise LaFontisee, Fannie Mizelle, Mabel Sanchez and Katherine LaFontisee. The highest average made by any applicant was that of 99, credit given to Miss Katherine LaFontisee, while Miss Mabel Sanchez was a close second with 97, followed by Miss Florence Balis with 95. The lowest average was 86.4. In consideration of the fact that this is the first examination of the kind ever entered by Misses LaFontisee and Sanchez, State Superintendent Holloway passed a high compliment upon their ability. "Every applicant did exceptionally well," remarked Prof. Holloway. "Each and every one of them deserve credit, and I can say frankly that as a whole it was one of the most intellectual classes I have ever had the pleasure of presiding over."

The applicants for first-grade certificates, six in number, have not yet completed their labors, but will finish tonight.

Prof. Holloway is well pleased with the result of the examination for the fact that not one of the applicants failed to pass.

Miss Hattie Whelpley of Brooksville, director of music in the Brooksville High School, took the examination for a special certificate for music. This young lady made the remarkable average of 99, demonstrating that she was very proficient in her profession.

YOUTH SHOT HIMSELF.

While Handling a Pistol Tom Pinkoson Accidentally Discharged Piece.

While carelessly handling a pistol at the home of his mother, Mrs. Sarah Pinkoson, late on Thursday afternoon, Tom Pinkoson accidentally discharged the piece.

There was considerable excitement for a moment, when it was discovered that the ball had entered the young man's leg, but it was soon ascertained that it was only a flesh wound and of little or no consequence, save the pain which will naturally follow for a day or two.

This was a "close call" for Tom and he says it will teach him to be more careful in the handling of firearms.

Railroad Contracts Awarded.

San Francisco, Sept. 1.—The directors of the Western Pacific have awarded contracts for the building of practically the entire line from Oakland to Salt Lake City. The names of the successful bidders as well as the details and the terms of the contracts have not been made public. It is understood that the aggregate amount of the several contracts for construction is between $8,000,000 and $9,000,000.

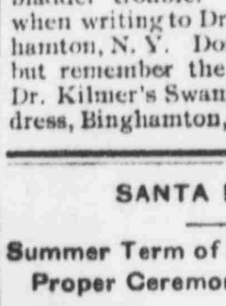
Like Finding Money

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for consumption, coughs and colds." Greatest sale of any cough or lung medicine in the world. At all drug stores; 50c and $1; Trial bottle free.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.



The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Home of Swamp-Root.

SANTA FE ITEMS.

Summer Term of School Closes With Proper Ceremonies—Other Notes.

Santa Fe, Aug 31.—The summer term of the public school at this place, which was a success, closed on Friday, the 25th. The closing exercises in the afternoon were indeed enjoyed by all who were present. The majority of the patrons and many friends availed themselves of the opportunity of being present.

Prof. F J. Holder, who has been a student of Yale College for the last two years, addressed the school on the importance of education. His address was well received. Prof. Holder is one of Santa Fe's boys, who took his first lesson in its school. Speeches were made by J. H. Cason, W. M. Blitch and T. A. Doke, after which Prof. W. E Bell, the principal of the school, made a feeling speech to the patrons who had so nobly stood by him, and to the students who had so well acquitted themselves during the two months that the school had been taught. Prof. Bell has made for himself many friends here who only regret that he cannot teach here next term. He was ably assisted by Miss Georgia Martin of Hawthorn, who is one of the best lady teachers in the county. The patrons are united in wanting her to teach here next term. They have both returned to their homes with the best wishes of a grateful people.

Mrs. J. J. Godwin and children of Rex are visiting the former's parents here. They expect to extend their visit for two weeks.

T. F. Williams of Wauchula is visiting relatives here this week. He reports that the rain is almost incessant in South Florida.

The outlook for cotton is still exceedingly gloomy. The rainy season, it seems, has come to stay.

R. H. Holstein and family, who have been on a visit to the former's old home in Monetta, S. C., returned Sunday. He is the boss watermelon grower of this section and is now engaged in harvesting his abundant crop of hay. The hay crop is good, but the weather is too wet for hay-making.

C. Cockerl, who has been growing watermelons here, will return to his old home in South Carolina in a few days.

The health of the community is, as usual, good. The doctors complain of unusual dull times this summer.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. McCollum & Co.

W. H. SIBLEY,

PHYSICIAN AND SURGEON.

Dry hot air, medicated vapor baths and electrical treatment will be used in connection with medicines in the treatment of diseases of whatever nature or duration.

NEWS FROM ALL PARTS OF FLORIDA

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

The editor of The Wildwood News is missing.

The Wauchula school has an enrollment of 300 pupils.

Trilby will hold her first municipal election September 5th.

The Y. M. C. A. building at St. Augustine will cost $25,000.

Guavas are now finding their way to the markets along the East Coast.

Bradentown beat the St. Augustine baseball team 17 to 2 last Tuesday.

Orange buyers at Mt. Dora are offering $1 20 to $1.25 per box for the fruit on the trees.

Governor Broward has returned from his trip to Hot Springs and points in the Northwest.

A steam heating plant will be installed at the Deaf, Dumb and Blind Institute, St. Augustine.

Mrs. A. B. Whelpley, wife of the mayor of Brooksville and a most estimable lady, died August 28th.

Aurelia Harbe, a young Cuban painter of Ybor City, grew tired of life and shot himself. He left a note saying he had resolved to kill himself.

County Judge Bell of Marion county had a hearing Wednesday of a charge against Dentist J. S. Harvey of Micanopy, for practicing his profession without a license or registering the same.

St. Augustine will have a number of busses to use on some of the narrow streets of the Ancient City. There will be room for two to pass without crowding and they will be a novelty to many visitors.

Thomas W. Hisler, charged with the murder of Ely Simmons at White House, Duval county, has been released on $1,000 bond pending a hearing in the circuit court at the November term. He claims Simmons fired the first shot.

The planing mill, dry kiln and several thousand feet of lumber belonging to the Jasper Manufacturing Company, were destroyed by fire Wednesday night. The saw mill and office were saved by hard work. The loss will reach $20,000, with no insurance. Jasper has no fire company or fire protection.

Sheriff Bennett of Bradford county has arrested two negroes, C. F. Page and Ed. Slater, at Ellarbee, charged with running a blind tiger. They pleaded guilty and were bound over to the circuit court in the sum of $500 each. Richard Reynolds was arrested in Starke for running a tiger at the old depot.

A train composed of twelve flat-cars loaded with cross-ties, each car containing about two hundred ties, several box cars of other railroad material and about fifty hands, arrived in the city yesterday afternoon and proceeded down to the extension below Cutler, where the material will be used in the building of the Florida East Coast Railway from its present terminus to the coast. It required one of the largest engines of the company to pull the load.—Miami Metropolis.

Devoured by Worms.

Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from inanition; their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother. Sold by W. M. Johnson.

UNIVERSITY NORMAL HAS COME TO CLOSE

A Most Successful Term Was Recorded for the First Year.

THE ATTENDANCE WAS GOOD

At the Close, as Evidence of Appreciation of the Institution and Its Excellent Achievements, Interesting Resolutions Were Passed.

After a most successful season of ten weeks, the University Summer Normal closed Friday, and the faculty and students returned to their respective homes, feeling that their time had been well and profitably spent.

The enrollment reached eighty, which was indeed encouraging, considering that this was the first year of the institution. The enrollment represented twenty counties, and among the student body were principals and their assistants of a number of the leading high schools of the State.

Just prior to the disbandment of the institution, the following resolutions were adopted:

"Whereas, we, the pupils of the University Summer School, feeling that we have derived both great pleasure and great good from our attendance upon the exercises thereof, and desiring to give expression to our appreciation of these benefits, have this day caused to be prepared, and do hereby adopt as our unanimous sentiments, the following resolutions:

"Be it Resolved, 1, That we extend our thanks to the Legislature of the State of Florida, whose interest in the better preparation of teachers, as expressed in the appropriation for the purpose of maintaining summer training schools, is deserving of especial and unstinted commendation.

"2. That we heartily thank the State Board of Education for their determination, notwithstanding the confusion into which the educational affairs of the State had been thrown, to have the summer school carried on; and especially do we thank them for the very able and efficient faculty, their interest in public education and their approved wisdom prompting them to select and place in charge of the same.

"3. That our thanks be extended to Hon. W. M. Holloway for the interest he has manifested in the establishment and success of the University Normal. That we express our entire approbation of the principal he has announced with regard to the several grades of certificates, believing that in its adherence he will build up a system of education second to none in the country. That we pledge him our full and hearty co-operation in all matters tending to the betterment of our school system.

"4. That to the Principal, Dr. L. W. Bucholtz, and his exceptionally able faculty, W. F. Yocum, A. T. Williams, J. J. Himes, G. M. Lynch, W. L. Floyd, A. W. Jackson, Mrs. J. B. Johnston and Miss Rowena Longmire, we are exceedingly grateful for the unflagging interest they have manifested in our welfare and advancement, and for their unfailing kindness and consideration that has made the school to us as thoroughly enjoyable as helpful. To their untiring efforts is due the fact that this, the first session of the University Summer School, has, though starting out under such great disadvantages and difficulties, been such a pronounced success.

"5. That we are deeply indebted and profoundly grateful to the Board of Trade and citizens generally of the progressive and enterprising city of Gainesville—our new University City—for their thoughtful kindness and generosity in providing for us comfortable accommodations at a minimum of cost to us and that we hereby express to them our sincere thanks and appreciation. We are witnesses to the fact that Gainesville more than deserves the reputation she has won both for her superior educational spirit and generosity.

"6. That we extend to Mrs. Taylor, the matron of the boarding department established through the thoughtfulness and liberality of the Gainesville Board of Trade, our grateful thanks for her kindness to us.

"7. That we thank the Board of Control for permission to use the University scientific apparatus by which our study has been made so much more satisfactory and effective.

"8. That we thank, also, The Gainesville Daily Sun for the kindly interest it has manifested in the success of our school. COMMITTEE."

Miss Tebeau's Boarding and Day School

[illegible] West Main St., S.
GAINESVILLE, - - FLORIDA

41st Session Opens September 18th, 1905

Made in the Golden Sunlight

It is conceded by the highest authorities that the soda cracker contains the life-giving elements of wheat in the best proportions.

This being so, then **Uneeda Biscuit** must at once take first place as the food of the world—a soda cracker, but such a soda cracker! Made by exact science in sunny bakeries so light, bright and clean, that they are a revelation. The flour is tested; the purity of the water is absolutely assured; the very air is filtered,—why even the temperature and moisture of the atmosphere is accurately regulated. The sponge is kneaded by polished paddles, not by hand. Indeed, **Uneeda Biscuit** are only touched once, and then by a pretty girl, from the time the flour leaves the bag until the beautiful package is placed on your table.

You ask why all this work, all this care in the making of a soda cracker? Because the soda cracker is the best of all food and **Uneeda Biscuit** is the most wonderful of all soda crackers. And with all of it the price is only 5¢ a package.

Don't forget
Graham Crackers
Butter Thin Biscuit
Social Tea Biscuit
Lemon Snaps

NATIONAL BISCUIT COMPANY

Are You Engaged?

Engaged people should remember that, after marriage, many quarrels can be avoided by keeping their digestions in good condition with Electric Bitters. S. A. Brown of Bennetteville, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once and finally made her entirely well. She is now strong and healthy." Sold at all drug stores and guaranteed, at 50c a bottle.

Board of Trade Folder.

"What? Where? When? How?" is the catchy title of a neat folder advertising Gainesville and the Winter Bible Conference and Chautauqua. The folder, which is twelve pages, is neatly printed and illustrated, and 50,000 copies have been issued by the Gainesville Board of Trade. These will be distributed throughout the North and West, and are destined to attract many new-comers here during the coming winter.

Cause of Insomnia.

Indigestion nearly always disturbs the sleep more or less and is often the cause of insomnia. Many cases have been permanently cured by Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

THE YELLOW FEVER.

One Death at Pensacola—Two Suspects—New Orleans Notes.

Pensacola, Sept. 1.—W. J. Abell, a tailor taken sick Sunday, died at 4 o'clock this morning. He was boarding in a large family. Two suspicious cases are under surveillance. A house to house canvass of the city will be made.

At New Orleans.

New Orleans, Sept. 1.—From 6 p. m. yesterday to noon today these were nine new cases and three deaths. Total number of cases to date is 1,938, and the total deaths 280.

Cured of Lame Back After 15 Years of Suffering.

"I had been troubled with lame back for fifteen years and found complete recovery in the use of Chamberlain's Pain Balm," says John G. Bisher, Gillam, Ind. This liniment is also without an equal for sprains and bruises. It is for sale by all druggists.

Archer Notes.

Archer, Sept. 1.—Dr. DePass left Thursday for Covington, Va., to meet his family and will be absent two weeks. His many friends will be governed accordingly.

A sad death occurred in Archer Wednesday, Mrs. A. J. Miller after a long illness having passed away. Mr and Mrs. Miller have only resided in Archer a short time, Mrs. Miller being an invalid when she came here.

The infant of Mr. and Mrs. Dr. McMillan of Montbrook died Tuesday, and was buried Wednesday. The many friends of the bereaved extend sympathy.

A Remedy Without a Peer.

I find Chamberlain's Stomach and Liver Tablets more beneficial than any other remedy I ever used for stomach trouble," says J. P. Klote of Edna, Mo. For any disorder of the stomach, biliousness or constipation, these tablets are without a peer. For sale by all druggists.

Killed Girl and Himself.

Huntington, W. Va., September 1.—William Barbour shot and killed Ezte Denney after a quarrel over a love affair. He then shot an dkilled himself. Miss Denney had just returned from the funeral of her father.

Attacked by a Mob

And beaten in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve and was soon sound and well. "I use it in my family," writes G. J. Welch of Tekonsha, Mich., "and find it perfect." Simply great for cuts and burns. Only 25c at all drug stores.

Sunny Jim Shoes SELL WITHOUT FORCE

Because they are the best in the land for the money!

Ask you dealer for the "Sunny Jim" Shoe and insist on getting it.

NEWS OF CITY AND COUNTY CONDENSED

Matters of General Interest Gathered by Our Reporters.

PERSONAL AND SOCIAL ITEMS

What Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" It in The Sun.

From Friday's Daily Sun.

Ladies' calling cards in latest styles at Sun office.

First-class buggy painting done at C. C. Pedrick's.

Fine carriage and buggy painting and trimming at C. C. Pedrick's.

J. R. Fowler of Lennon was registered at the Brown House yesterday.

Deputy Sheriff J. Lee Stokes of Micanopy was in the city on official business yesterday.

The Geiger building, West Union street, is being improved in appearance by a liberal application of paint.

Misses Melva Williams and Katie Bruce left yesterday for Wacahoota, where they will visit their friend, Miss Bessie Brown, for a few days.

The monument on the northeast corner of the square is being thoroughly cleaned, which will make it much more attractive in appearance.

T. R. Pickett of Newberry, senior member of the firm of Pickett & Son, manufacturers of lumber, was a business visitor to this city yesterday.

Master Sydney Washington Godwin of Rex, son of the late J. J. Godwin, has arrived in the city and will make his future home with his uncle, L. W. Fennell.

Strayed—White pointer dog, lemon ears, with lemon spot on back. Answers to name of "Judge." Left home night of August 30. Liberal reward if returned to J. M. Dell. 3t

F. S. Osteen of Micanopy, a member of Ocala Lodge of Elks, was on hand at the installation of Gainesville lodge Wednesday night. He made The Sun an agreeable call yesterday.

Mrs Gilbert H. Browne desires, through The Sun, to express sincere appreciation and gratitude to those friends who were so kind during the illness and death of her husband.

Mrs. W. R. Anderson and daughter have returned from Georgia, where they have been for the past few months as the guests of the former's parents. Friends are glad to welcome them.

W. H. Powell and family of Archer passed through the city yesterday en route home from Daytona Beach, where they have been sojourning for the past two weeks. They report an enjoyable time.

R. F. McCall, formerly of Fairbanks but now of Jennings, where he owns and operates a large naval stores farm, was in the city yesterday. Mr. McCall also owned a turpentine place at Citra, but recently sold the same to J. J. Donnie.

Mrs. C. A. Harrod and sister, Miss Jessie Sledge, have returned from a pleasant visit to Portsmouth, Va. They were accompanied by their cousin, Miss Lula Raines, who will spend a few weeks in the city as the guest of Mrs. C. C. Sledge.

C. B. Dennis, Dutton, after a short visit to this city, during which time he was transformed from a fawn into a full fledged Elk, returned to that place yesterday. Mr. Dennis, as well as all others upon whom the work was conferred, is well pleased with the order.

Some rare bargains are to be had at this office in second-hand typewriters: Remington No. 6, practically new; Remington No. 7; Barlock No. 10; Smith Premier No. 2; Caligraph No. 3 and Fay-Sholes No. 6. These machines will be sold cheap and on very reasonable terms. First applicants get the best bargains. dawtf.

Among the prominent visitors to the city is A. S. Wooley of Seaford, Del., until recently owner of the Florida Fertilizer Manufacturing Company and a regular winter visitor here. As will be seen elsewhere, Mr. Wooley has disposed of his interests here but declares he does not intend to give Gainesville up as his winter home. "My wife and myself think a great deal of Gainesville and its people," he said, "and we realize that now this city is on the verge of a most prosperous but substantial boom. We have more confidence in the city's future than ever, and our friends may expect us regularly every season."

From Saturday's Daily Sun.

Clay Parker of LaCrosse was in the city yesterday.

Neil Raines of Jonesville was trading in the city yesterday.

Try one of my hand-made buggies. All guaranteed. C. C. Pedrick.

W. T. McLendon, the melon grower of Alachua, was transacting business in this city yesterday.

Thos. Lewis, a progressive planter of Campville, was among the visitors to this city yesterday.

Get your job printing at The Sun job office and you can vote for your favorite in the library contest.

Mr. and Mrs. W. W. Geiger and Mr. and Mrs. J. H. Moffett of Micanopy favored Gainesville friends with a visit yesterday.

Hon. W. H. Robertson and family, who have been sojourning in Rock Hill, S. C., for the past few weeks, are at home again.

F. H. Clyatt and Edwin and Clyde Reese of Tacoma formed a trio of visitors to this city yesterday. Mr. Clyatt favored The Sun with an agreeable call.

Mr. and Mrs. B. Morrison and Miss Margaret Morrison arrived in the city from High Springs yesterday and were guests during the day of Dr. and Mrs. J. H. Alderman.

Lassiter Hill, son of L. L. Hill, left yesterday for Bowling Green, Ky., where he will enter the Southern Normal College, the largest institution of its kind in the South.

Warranty deed and mortgage blanks for sale at this office, the form used in Alachua county which saves money in recording. $2 per hundred or 50c per dozen by mail. Cash must accompany order. dawtf

W. E Dow left yesterday for Jacksonville. He will be joined by Mrs. Dow today, when tomorrow morning they expect to sail on the Clyde steamer for New York. They will be absent about a month.

Miss Blanch Rawls, a charming young lady of Alachua, was a guest of Miss Julia Wainwright in this city yesterday. Miss Rawls will enter the Florida Female College, Tallahassee, at the beginning of the term.

Strayed—One dark bay horse, long black tail, black mane, sheared in forehead; slightly gray in forehead. Seen Monday at Oak Ridge, going direction of Rochelle. Reward for information leading to recovery. George R. Ellis, Gainesville.

The Ladies' Aid Society of the Baptist church, Newberry, Fla., announce a church supper to be given in Masonic Hall at that place Friday night, September 8th. Everybody invited to come and encourage the society in their labors for a worthy cause.

C. W. Bauknight, a successful merchant of Archer, was a business visitor to this city yesterday. He reports that the cotton crop in his section will be short, but the season is earlier than usual. A quantity of the staple has been gathered, but the gins have not yet been started.

Prof. J. C. Adkins, who has just closed a successful term of school at Bell, was in the city yesterday. He was ably assisted by Miss Belle Lindsay. Prof. Adkins has been appointed to the Island Grove school, with Miss Fannie Mizelle as assistant, and will begin the term Monday.

Horses and Mules—Beginning Wednesday, September 6th, we will have at our stables one of the finest herds of Kentucky horses and mules ever seen in Alachua county, or the State. Driving and saddle horses, working mules, all healthy and in the finest condition, at right prices. Come and see them. Crawford & Davis.

READ THIS.

DYERSBURG, TENN., June 1, 1901.

This is to certify that I have used one bottle of the Texas Wonder, Hall's Great Discovery, and have been greatly benefited, and can cheerfully recommend it to the public.

C. H. OLSTON.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 329, St. Louis, Mo. Send for testimonials. Sold by all druggists.

From Sunday's Daily Sun:

J. E. Lockhart of High Springs was in the city yesterday and renewed his subscription to The Sun.

Two tickets from Jacksonville to New York and return may be obtained at this office. Be quick if you want one or both of them.

Mrs Joe Manasse and her interesting little daughters have returned from Asheville, N. C., where they have been for the past few weeks.

Wanted—Active agents for Russian-Japanese War Book; good salary, sample free. Address Globe Co, 723 Chestnut St, Philadelphia, Pa.

Dr. S. B. Chapin of Tallahassee is in the city on a visit to his family. They expect to make their departure today for Daytona, where they will recuperate for a few days.

Mrs. Monroe Venable and children and Mrs. W. A. Jones and daughter, Miss Ella, have returned to their home at Kanapaha after a month's pleasant outing at Seabreeze.

Dr. Clyde L. Carter, who has had offices in the Porter block, 103 East Union street, since establishing a profession here, has moved into the Miller Law Exchange, 112 East Liberty street.

J. H. Hines of LaCrosse was among the visitors to this city yesterday. Mr. Hines was on a happy mission, having come for a marriage license, and today he will wed Miss Thomas of LaCrosse.

Rev. F. Pixton of Orlando, father of James Pixton of this city, was here yesterday on a brief visit to his son. Mr. Pixton is a Methodist minister and has been assisting Rev. C. W. White at Waldo in a revival.

Rev. T. J. Nixon of the Methodist church has returned from Wacahoota, where he has been assisting Rev. A. M. Deiger, of the Williston circuit, in a week's revival. He reports a fine meeting, with fourteen additions to the church.

Rev. S. B. Rogers has returned from Forest Grove, where he has been engaged in revival work with Rev. F. M. Hartman for the past few days. The meetings were quite fruitful, Mr. Rogers having immersed seven accessions on Friday morning.

Deputy Sheriff J. W. McCann of LaCrosse was in the city yesterday, having brought Getchel Singleton and George Gainey, charged with larceny. The prosecuting witness, a woman, failed to appear in Justice Colman's court against them, and they were discharged. The officers believed it was a case of blackmail, and when the defendants would not concede to certain demands she had them arrested, but was reluctant to appear.

C. C. Pedrick, the buggy and wagon manufacturer, seems to keep quite busy, since he is shipping continually his products to various sections of the State. His last shipment, which was made Friday, were two fine buggies, which were consigned to W. L. Pickett, the liveryman of Fort Meade. Mr. Pickett resided in Alachua county for many years, being a son of T. R. Pickett of Newberry, and realized that for wear and good service, nothing was better and few were equal to Pedrick's productions.

Perry M. Colson has returned from the West End, where he has been on business. Mr. Colson has associated with him in a new naval stores business at Trenton N. G. Wade and W. E. Bell, under the firm name of the Bell-Colson Company, and will operate extensively, having secured immense bodies of timber lands. Mr. Colson states that Trenton is growing now, the entrance of the railroad having infused new life into the people. Lots are selling fast and new settlers are arriving every week.

The Gainesville Juniors.

The Gainesville Junior baseball team returned to the city Friday night, after having played a series of games at High Springs and Live Oak with the following result:

At High Springs—First game, score 6 to 2 favor High Springs; second game, Gainesville 3, High Shrings 3; third game, Gainesville 2, High Springs 0.

At Live Oak—First game, Live Oak 3; Gainesville 0; second game, Live Oak 3, Gainesville 4; third game, Live Oak 1, Gainesville 1. This game was called at the end of the fifth inning, so that the Gainesville team could catch the train. The third game at High Springs was also called on account of rain.

After the Gainesville boys had been treated so nicely at High Springs, four of the team remained over in Alachua and played with the High Springs boys against Alachua. High Springs won, 12 to 11, in an exciting game.

UNIVERSITY NORMAL NOTES.

Interesting Budget of Personals Regarding That Institution.

Misses Hortense Broward and Christopher of the Duval County High School faculty left for their homes Saturday. They spoke in very high terms of the work accomplished by the University Normal, where they have been in attendance for the past two months.

Miss Ollie Chapman left for her home at Lake Butler after eight weeks' hard work.

Prof. A. W. Jackson, a member of the Normal faculty, left for his home at White Springs Friday night. Prof. Jackson made a legion of friends during his stay in the city, and, judging from the commendation of those under his instruction, proved himself to be one of the educational leaders of the State. His lecture on geography, illustrated by stereopticon views, was one of the rare intellectual treats of the session.

Miss Rowena Longmire, instructor in charge of the primary work, left Saturday for Daytona, where she will enjoy the ocean air for a couple of weeks. Miss Longmire is a member of the Summerlin Institute faculty, located at Bartow. Students and faculty join in pronouncing the work of Miss Longmire exceptionally strong. The fact that every member of her class in primary work made in the recent State examination an excellent average, ranging from 86 to 98, is a magnificent proof of the school's endorsement.

Prof. Arthur Williams, professor of history and civics, left Saturday afternoon for his home at Tallahassee. Mr. Williams has been a prominent factor in the work of higher education in Florida for the past twelve years, and his work in the normal just closed contributed in no small degree to the success of the school. He has held the chair of history and sociology in the State College for the past five years, and for the coming session will occupy a similar position in the State College for Women at Tallahassee.

Dr. W. F. Yocum, "the Grand Old Man," as he is affectionately called by teachers, parents and children in every city, town and hamlet in Florida, left today for a visit to his family at Lake Geneva, in Polk county. No man in the State is more deserving of the beautiful tribute that Ben Hill paid to the Immortal Lee than Dr. Yocum.

Mrs. J. B. Johnston, well and favorably known in this city, having at one time occupied a position on the high school staff, has returned to her home at Dade City. Mrs. Johnston has been in charge of the work in English in the Normal, and from the interest manifested by her students and the improvement shown in their work her department has been a complete success.

Major W. L. Floyd and Capt. G. M. Lynch, the former in charge of the science department and the latter in charge of the department of mathematics, will remain in the city until the opening of the University of the State of Florida.

Miss Bessie McDonald, assistant teacher in the White Springs High School, after two months' earnest work, departed for home Friday afternoon.

Miss Rossie Sauls, a teacher student of the Normal, left for her home at Tallahassee Saturday.

Miss Maud McKenzie, Apalachicola, a member of the Normal classes, departed for her home Saturday.

It has been decided that we are entitled to permit the casting of 200 votes in the free library contest for each yearly subscription paid for prior to October 15th, 1905. Subscribers who have paid for the paper since June 14th are entitled to vote. Coupons can be obtained at this office.

The Twice-a-Week Sun being entitled to permit the casting of 200 votes in the free library contest for each yearly subscription paid for, the ladies of Kirby Smith Chapter, U. D. C., take this method of notifying those who pay their subscriptions prior to 7 o'clock p. m. of October 14th, 1905, or who have paid since June 14th, 1905, that the Chapter will greatly appreciate their support. Should the Chapter win the library the reference books will be given to the Gainesville High School, where they are badly needed, and the others to the Hospital Association. Simply write the editor of The Sun to permit Mrs. J. F. McKinstry, Jr., to cast your vote, and the ladies will greatly appreciate same.

A collector for The Sun had the misfortune to lose a five dollar bill Saturday. He will reward the finder for being sufficiently honest to return the same.

IN HONOR OF MISS JOLLY.

Patrons of Rocky Hill School Give a Picnic and Dance.

There was a big picnic and fish fry at Haile Sink, west of Gainesville, on September 1st, given in honor of Miss Jolly, teacher of the Rocky Hill school, at which there was a large attendance and a general good time. There was plenty to eat and the day will be long remembered by the patrons of the school and their friends who attended, people being present from Palmer, Arredondo, Kanapaha and surrounding country. At night there was an enjoyable dance at the home of Mr. and Mrs. D. L. Williams and the young folks participated until about 2 o'clock Saturday morning.

The term of the school which has just closed has been a most successful one, and Miss Jolly has endeared herself to both patrons and pupils, all of whom hope that she will again be assigned to Rocky Hill school.

THE YELLOW FEVER.

Pensacola Feels Hopeful—New Orleans is Gaining on Disease.

Pensacola, Sept. 2.—George Danesby of Miami was attacked yesterday and he was cared for at once. All the other cases are of a mild type.

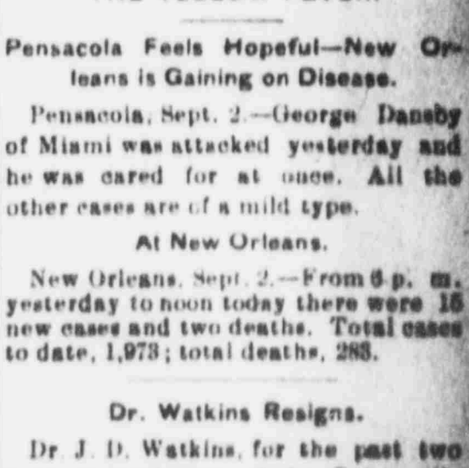
At New Orleans.

New Orleans, Sept. 2.—From 6 p. m. yesterday to noon today there were 16 new cases and two deaths. Total cases to date, 1,973; total deaths, 283.

Dr. Watkins Resigns.

Dr. J. D. Watkins, for the past two years general agent of the Gainesville and Gulf Railway in this city, tendered his resignation during the latter part of August, and same went into effect on the 1st inst. Dr. Watkins has proven himself quite competent in the capacity of general agent, but decided that it was more profitable to devote his time to other interests. It has been announced that the office of general agent of this road will be abolished for the present.

Dr. J. B. S. Holmes, a prominent physician of Atlanta who has many friends here, is in the city. Dr. Holmes is a great sportsman, and comes every fall for a few days' shooting during the quail season.



FOR HARD WEAR

On shoes boys are proverbial. Best get a shoe that will withstand rough usage, for it isn't wise to curb unduly an active lad's love of sport requiring lively physical exercise. For equally rough-and-ready, wear well, last long, same time economical, footwear, bring your son here and let us outfit him for school hours, after and before same time.

L. C. SMITH

North Side Square, Gainesville
